Note : excludes Crown

Cost saving projects

- Improving labour efficiency
 - focussed training
 - incentivisation to KPIs
 - displacing contractors with own labour
- Project BOOST
 - investments to lower R/ton
 - reliability of production
 - productivity programmes

Durban Roodepoort Deep, Limited

Blyvoor Expansion Project

Deon v/d Mescht

Blyvoor Expansion Project

- Longest life in group (25 years)
- Low cost production (\$252/oz)
- Largest ore resource base (256.5m tons @ 3.32g/t)
- Greatest value potential in the group
- Capital spent to date R38m (US\$4m) of which R31m (US\$3m) funded by the IDC

Safety performance

Winner:

ASSOCIATION OF WESTRAND MINES SAFETY TROPHY

for 5 years in succession

Production profile

Immediately available reserves

Blyvoor Expansion Project

- Successful project implementation
- Project optimisation through innovation
 - slimes dam project started (additional 2 900 oz/month) (US\$7m)
 - new 35 - 33 decline (US\$1m)
 - quality mining in high free gold area
 - fill the mill with better value feed

Durban Roodepoort Deep, Limited

North West Operations Medium Grade - *Anton Lubbe*

Why the Medium Grade Project?

- Existing Base Plan covers all overheads
 - mine mix above pay-limit (6.25 g/t)
- Medium Grade cut-off only needs to cover direct cost
 - mine to marginal pay-limit (3.98 g/t)
- Started in May 2001 at a capital cost of R17m (US\$2m)

Marginal reserve increase

Plan	Mt	g/t	years
Base	21.75	11.89	15
Medium Grade	10.66	5.68	10
Total	32.41	9.85	

Harties Medium Grade (shown in blue)

Project results

	2001/2002	2002/2003
m ²	66 536	65 526
Tons milled	253 232	304 677
Gold recovered – kg	1 065	1 044
Grade – g/t	4.21	3.43
R/ton milled	352	318

Project outcome

- Capex completed next month
- Peak production in March 2004 at 13 800 oz/month
(27% of total production)
- Enhanced flexibility
- Payback after 6 months
- Exploration potential in sub-outcrop

Durban Roodepoort Deep, Limited

Financials - *Ian Murray*

Margin management

Convertible Bond issue

- Size : US\$66 million

 - new independent non-executive director
 - new deputy chairman

Our operations

Our operations

Our operations

Australian strategy

- Tolukuma (PNG) is on the 'Rim of Fire'
- 14% stake in Emperor (Vatukoula mine in Fiji)
 - board representation (2 / 8)
- Both orebodies are "collapsed caldera" structures
 - both employ underground vein mining
- Synergies
 - DRD technical expertise
 - shared services e.g. purchasing
- Both mines in expansion programmes
- Creates focus for regional consolidation
